SECTION V: PROPOSAL EVALUATION AND CONTRACT AWARD PROCEDURES

A. Evaluation Procedures

All proposals accepted by the Agency will be reviewed to determine whether they are responsive or non-responsive to the requisites of this RFP. Proposals that are determined by the Agency to be non-responsive will be rejected. The Agency's Consultant Selection Committee (CSC) will evaluate and rate all remaining proposals based on the Evaluation Criteria prescribed below.

The ratings by the CSC members will be added and averaged for each firm in order to establish the initial technical evaluation rankings and ratings. Based on these rankings, at least the top three (3) rated proposers and any other proposer whose rating is within five (5%) percent of the third ranked proposer will be shortlisted. Based on the initial technical rankings, if NYCDOT determines that there are less than three (3) technically viable proposals, then a shortlist of only technically viable firms will be established.

In the event there are less than three (3) proposals received, NYCDOT will determine whether it will continue the selection process with fewer proposals or re-issue the RFP. The Agency reserves the right to conduct site visits and/or interviews and/or to request that proposers make oral or visual presentations in support of their proposals or to exhibit or otherwise demonstrate or clarify the information contained in their proposals. Subsequent to any such presentations, the CSC will prepare revised rating sheets.

The agency shall rank proposers by technical merit and pursuant to City's Quality Based Selection Method (QBS). The price proposal of ONLY the highest technically ranked firm will be opened and reviewed by the consultant selection committee (CSC) to determine whether it is responsive or non-responsive. Following analysis of the responsive price proposal by the CSC, the Agency then consider price by negotiating a fair and reasonable price with the highest technically ranked proposer. In the event that the agency has chosen to negotiate a fair and reasonable price with the highest ranked proposer, if such a fee is not successfully negotiated, the agency may conclude such negotiations, and enter into negotiations with the next ranked vendor(s), as necessary.

All unopened price proposals will be returned to the respective proposers upon registration of the contract.

Although discussions may be conducted with proposers submitting acceptable proposals, the Agency reserves the right to award contracts on the basis of initial proposals received, without discussions; therefore, the proposer's initial proposal should contain its best technical and price terms.

B. Evaluation Criteria

Each technical proposal will be evaluated based on the following technical criteria and weights:

1. Quality & Relevance of Prior Experience	
- Proposed staff (Resumes)	35%
- Firm in general	20%
2. Quality of Proposal	
- Overall Project Understanding	20%
- Approach	15%
- Innovation	05%
3. Staff Availability	
- Workload – Staff Availability	<u>05%</u>
	100%

C. Basis for Contract Award

A contract will be awarded to the responsible proposer whose proposal is determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria which are set forth in this RFP. Contract award shall be subject to the timely completion of contract negotiations between the Agency and the selected proposer.

A. Evaluation Procedures

All proposals accepted by the Agency will be reviewed to determine whether they are responsive or non-responsive to the requisites of this RFP. Proposals that are determined by the Agency to be non-responsive will be rejected. The Agency's Consultant Selection Committee (CSC) will evaluate and rate all remaining proposals based on the Evaluation Criteria prescribed below.

Based on the initial technical rankings, if NYCDOT determines that there are less than three (3) technically viable proposals, then a shortlist of only technically viable firms will be established. The Agency reserves the right to conduct site visits and/or interviews and/or to request that proposers make oral or visual presentations in support of their proposals or to exhibit or otherwise demonstrate or clarify the information contained in their proposals. Subsequent to any such presentations, the CSC will prepare revised rating sheets.

The agency shall rank proposers by technical merit and pursuant to City's Quality Based Selection Method (QBS). The price proposal of ONLY the highest technically ranked firm will be opened and reviewed by the consultant selection committee (CSC) to determine whether it is responsive or non-responsive. Although discussions may be conducted with proposers submitting acceptable proposals, the Agency reserves the right to award contracts on the basis of initial proposals received, without discussions; therefore, the proposer's initial proposal should contain its best technical and price terms.

B. Evaluation Criteria

Each technical proposal will be evaluated based on the following technical criteria and weights:

1. Quality & Relevance of Prior Experience	
- Proposed staff (Resumes)	35%

2. Quality of Proposal	
- Overall Project Understanding	20%

The Agency will notify the contractor as soon as is practicable that the funds are, or are not, available for the continuation of the multi-year contract for each succeeding City fiscal year. In the event of cancellation, the contractor will be reimbursed for those costs, if any, which are so provided for in the contract.

G. Prompt Payment Policy. Pursuant to the New York City's Procurement Policy Board Rules, it is the policy of the City to process contract payments efficiently and expeditiously.

H. Prices Irrevocable. Prices proposed by the proposer shall be irrevocable until contract award, unless the proposal is withdrawn. Proposals may only be withdrawn by submitting a written request to the Agency prior to contract award but after the expiration of 90 days after the opening of proposals. This shall not limit the discretion of the Agency to request proposers to revise proposed prices through the submission of best and final offers and/or the conduct of negotiations.

I. Confidential, Proprietary Information or Trade Secrets. Proposers should give specific attention to the identification of those portions of their proposals that they deem to be confidential, proprietary information or trade secrets and provide any justification of why such materials, upon request, should not be disclosed by the City. Such information must be easily separable from the non-confidential sections of the proposal. All information not so identified may be disclosed by the City.

J. RFP Postponement/Cancellation. The Agency reserves the right to postpone or cancel this RFP, in whole or in part, and to reject all proposals.

K. Proposer Costs. Proposers will not be reimbursed for any costs incurred to prepare proposals.

- A. This Contract is subject to the requirements of Executive Order No. 50 (1980) as revised (“E.O. 50”) and the Rules and Regulations promulgated have been complied with in their entirety. By signing this Contract, the Contractor, agrees that it:
 - (1) Will not engage in any unlawful discrimination against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability, marital status or sexual orientation with respect to all employment decisions including, but not limited to, recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other

- (3) Will state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that all qualified applicants will receive consideration for employment without unlawful discrimination based on race, creed, color, national origin, sex, age, disability, marital status or sexual orientation, or that it is an equal employment opportunity employer;**
- (4) Will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E.O. 50 and the rules and regulations promulgated thereunder; and**
- (5) Will furnish all information and reports including an Employment Report before the award of the Contract which are required by E.O. 50 rules and regulations promulgated thereunder, and orders of the Director of the Bureau of Labor Services ("Bureau"), and will permit access to its books, records and accounts by the Bureau for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.**

B. The Contractor understands that in the event of its noncompliance with nondiscrimination clauses of this Contract or with any of such rules, regulations, or orders, such noncompliance shall constitute a material breach of the Contract and noncompliance with the E.O. 50 and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of the Bureau, the Director may direct the imposition by the contracting agency head of any or all of the following sanctions:

- (i) disapproval of the Contractor;**
- (ii) suspension or termination of the Contract;**
- (iii) declaring the Contractor in default;**
- (iv) in lieu of any of the foregoing sanctions, the Director may impose an employment program.**

- C. The Director of the Bureau may recommend to the contracting agency head that a Board of Responsibility be convened for purposes of declaring a contractor who has repeatedly failed to comply with E.O. 50 and the rules and regulations promulgated thereunder to be non-responsible.**
- D. The Contractor agrees to include the provisions of the foregoing paragraphs in every subcontract or purchase order in excess of \$50,000 to which it becomes a party unless exempted by E.O. 50 and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each Subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Bureau of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.**
- E. The Contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 and the rules and regulations promulgated thereunder with a Subcontractor who is not in compliance with the requirements of E.O. 50 and the rules and regulations promulgated thereunder.**

6.20 NOISE CONTROL CODE PROVISIONS

- A. The Contractor agrees to comply with the provisions of Section 24-216, Noise Abatement Contract Compliance, of Chapter 2 of Title 24 of the Administrative Code of the City of New York which stipulates the following:**
 - 1. Devices and activities which will be operated, conducted, constructed or manufactured pursuant to this Contract and which are subject to the provisions of the New York City Noise Control Code shall be operated, conducted, constructed or manufactured without causing a violation of the Code.**
 - 2. Such devices and activities shall incorporate advances in the art of noise control developed for the kind and level of noise emitted or produced by such devices and activities, in accordance with regulations issued by the Commissioner of the Department of Environmental Protection. Regulations promulgated pursuant to Section 24-216 after the proposal received for this Contract shall not alter its terms, conditions and specifications.**

6.21 LIQUIDATED DAMAGES

- A. In case the Contractor shall substantially fail to complete the work within the times fixed in the General Provisions of this Contract or within the times to which such completion may have been extended by agreement, the Contractor must pay to the City the sum of one hundred (\$100) dollars for each and every calendar day that the time consumed in completing the work exceeds the time allowed, provided, however, that the delay in completing the work is within the control of the Contractor and is caused solely by the Contractor's acts or failures to act. Delays beyond the control of the Contractor shall include, but not be limited to, those caused by the following:**
- 1. On the part of the City, its agencies, employees and representative acts or failures to act, to provide necessary information, prompt reviews, expeditious decisions and other matters essential to the progress of the project.**
 - 2. On the part of private utilities and agencies, acts or failure to act to provide necessary information, prompt reviews, expeditious decisions and other matters essential to the progress of the project.**
 - 3. Unavoidable casualties, including Acts of God.**
 - 4. The enforcement of laws and regulation by the City, the State of New York and/or Federal Government enacted subsequent to the date of this Contract.**
- B. In view of the difficulty of accurately ascertaining the loss which the City will suffer by reason of delay in the completion of the work hereunder, the sum of one hundred (\$100) dollars is hereby fixed and agreed as the liquidated damages that the City will suffer by reason of such delay, and not as a penalty.**
- C. Liquidated damages received hereunder are not intended to be nor shall they be treated as either a partial or full waiver or discharge of the City's right to indemnification or the Contractor's obligation to indemnify the City, or any other remedy provided for by contract or by law.**
- D. The Comptroller will deduct and retain out of the monies which may be due hereunder, the amount of any such liquidated damages; and in case the amount which may be due hereunder shall be less than the amount of liquidated damages suffered by the City, the Contractor shall be liable to pay the difference upon demand by the Comptroller.**

6.22 COPIES OF REPORTS

A copy of each report submitted by the Contractor to any official or to any officer, employee, agent or representative of a City department, agency, commission or body or to any corporation, association or entity whose expenses are paid in whole or in part from the City treasury, shall be furnished to the Commissioner of the Department to which such report was submitted or, if not a City department, then to the chief controlling officer or officers of such other office or entity. A copy of such report shall also be furnished to the Director of the Mayor's Office of Construction for matters related to construction or to the Director of the Mayor's Office of Operations for all other matters.

6.23 CONTRACTOR'S PERFORMANCE EVALUATION

The Contractor's performance shall be evaluated by the City upon Contract completion. A copy of the evaluation will be sent to the Contractor not later than fifteen (15) calendar days after the occurrence of this event and the Contractor may respond in writing to the performance report. Such response shall be submitted to the Commissioner not later than fifteen (15) calendar days after a copy of the evaluation is sent to the Contractor. The response will be affixed to the evaluation. Failure to respond may result in review of the Contractor's performance when a proposal is evaluated without the benefit of the Contractor's response to the evaluation.

6.24 CONTRACT CHANGES

- A.** Changes may be made to this Contract only as duly authorized by the Agency Chief Contracting Officer or the Agency Chief Contracting Officer's designee. Contractors deviating from the requirements of an original purchase order or Contract without a duly approved change order, do so at their own risk. All such changes, modifications and amendments will become part of the original Contract.
- B.** Contract changes will be made only for work necessary to complete the work included in the original scope of the Contract, and for non-material changes to the scope of the Contract. Changes are not permitted for any material alteration in the scope of the work.
- C.** Changes may include any one or more of the following:
 - 1.** Specification changes to account for design errors or omissions;
 - 2.** Changes in Contract amount due to authorized additional or omitted work. Any such changes require appropriate price and cost analysis to determine reasonableness. In addition, except

for non-construction requirements contracts, all changes that cumulatively exceed the greater of ten percent of the original Contract amount or \$100,000 shall be approved by the City Chief Procurement Officer (CCPO) (for non-construction contracts) or the Director of the Office of Construction (for construction and construction-related contracts);

3. Extensions of a Contract term for good and sufficient cause for a cumulative period not to exceed one (1) year from the date of expiration of the current Contract. Requirements contracts shall be subject to this limitation;
4. Changes in delivery location;
5. Changes in shipment method; and
6. Any other changes not inconsistent with the PPB Rules.

D. Any Contractor may be entitled to a price adjustment for extra work performed or to be performed pursuant to a written change order. If any part of the Contract work is necessarily delayed by a change order, the Contractor may be entitled to an extension to time of performance. Adjustments to price shall be validated for reasonableness by using appropriate price and cost analysis.

6.25 RESOLUTION OF DISPUTES

A. Except as provided in A(1) and A(2) below, all disputes between the City and the vendor that arise under, or by virtue of, this contract shall be finally resolved in accordance with the provisions of this section and Section 4-09 of the Rules of the Procurement Policy Board (“PPB Rules”). This procedure shall be the exclusive means of resolving any such disputes.

1. This section shall not apply to disputes concerning matters dealt with in other sections of the PPB Rules or to disputes involving patents, copyrights, trademarks, or trade secrets (as interpreted by the courts of New York State) relating to proprietary rights in computer software.
2. For construction and construction-related services this section shall apply only to disputes about the scope of work delineated by the contract, the interpretation of contract documents, the amount to be paid for extra work or disputed work performed in connection with the contract, the conformity of the vendor’s work to the contract, and the acceptability and quality of the vendor’s work; such disputes arise when the Engineer, Resident

Engineer, Engineering Audit Officer, or other designee of the Commissioner makes a determination with which the vendor disagrees.

- B. All determinations required by this section shall be clearly stated, with a reasoned explanation for the determination based on the information and evidence presented to the party making the determination. Failure to make such determination within the time required by this section shall be deemed a non-determination without prejudice that will allow application to the next level.
- C. During such time as any dispute is being presented, heard, and considered pursuant to this section, the contract terms shall remain in full force and effect and the vendor shall continue to perform work in accordance with the contract and as directed by the Agency Chief Contracting Officer (“ACCO”) or Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner. Failure of the vendor to continue the work as directed shall constitute a waiver by the vendor of any and all claims being presented pursuant to this section and a material breach of contract.

D. Presentation of Dispute to Agency Head.

- 1. **Notice of Dispute and Agency Response.** The vendor shall present its dispute in writing (“Notice of Dispute”) to the Agency Head within the time specified herein, or, if no time is specified, within thirty (30) days of receiving written notice of the determination or action that is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the contract. The Notice of Dispute shall include all the facts, evidence, documents, or other basis upon which the vendor relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the vendor in the dispute was arrived at. Within thirty (30) days after receipt of the complete Notice of Dispute, the ACCO or, in the case of construction or construction-related services, the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner, shall submit to the Agency Head all materials he or she deems pertinent to the dispute. Following initial submissions to the Agency Head, either party may demand of the other the production of any document or other material the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant materials that are not otherwise protected by a legal privilege recognized by the courts of New York State. Any question of relevancy shall be determined by the Agency Head whose decision shall be final. Willful failure of the vendor to produce any requested material whose relevancy the vendor has not disputed, or whose

relevancy has been affirmatively determined, shall constitute a waiver by the vendor of its claim.

2. **Agency Head Inquiry.** The Agency Head shall examine the material and may, in his or her discretion, convene an informal conference with the vendor and the ACCO and, in the case of construction or construction-related services, the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner, to resolve the issue by mutual consent prior to reaching a determination. The Agency Head may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Agency Head's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Agency Head participated therein. The Agency Head may or, at the request of any party to the dispute, shall compel the participation of any other vendor with a contract related to the work of this contract and that vendor shall be bound by the decision of the Agency Head. Any vendor thus brought into the dispute resolution proceeding shall have the same rights and obligations under this section as the vendor initiating the dispute.
 3. **Agency Head Determination.** Within thirty (30) days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Agency Head shall make his or her determination and shall deliver or send a copy of such determination to the vendor and ACCO and, in the case of construction or construction-related services, the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner, together with a statement concerning how the decision may be appealed.
 4. **Finality of Agency Head Decision.** The Agency Head's decision shall be final and binding on all parties, unless presented to the Contract Dispute Resolution Board ("CDRB") pursuant to this section. The City may not take a petition to the CDRB. However, should the vendor take such a petition, the City may seek, and the CDRB may render, a determination less favorable to the vendor and more favorable to the City than the decision of the Agency Head.
- E. **Presentation of Dispute to the Comptroller.** Before any dispute may be brought by the vendor to the CDRB, the vendor must first present its claim to the Comptroller for his or her review, investigation, and possible adjustment.
1. **Time, Form, and Content of Notice.** Within thirty (30) days of receipt of a decision by the Agency Head, the vendor shall submit to the Comptroller and to the Agency Head a Notice of Claim regarding its dispute with the agency. The Notice of Claim shall consist of (i) a brief

statement of the substance of the dispute, the amount of money, if any, claimed and the reason(s) the vendor contends the dispute was wrongly decided by the Agency Head; (ii) a copy of the decision of the Agency Head, and (iii) a copy of all materials submitted by the vendor to the agency, including the Notice of Dispute. The vendor may not present to the Comptroller any material not presented to the Agency Head, except at the request of the Comptroller.

2. **Agency Response.** Within thirty (30) days of receipt of the Notice of Claim, the agency shall make available to the Comptroller a copy of all material submitted by the agency to the Agency Head in connection with the dispute. The agency may not present to the Comptroller any material not presented to the Agency Head, except at the request of the Comptroller.
 3. **Comptroller Investigation.** The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in sections 7-201 and 7-203 of the New York City Administrative Code. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the vendor. Willful failure of the vendor to produce within fifteen (15) days any material requested by the Comptroller shall constitute a waiver by the vendor of its claim. The Comptroller may also schedule an informal conference to be attended by the supplier, agency representatives, and any other personnel desired by the Comptroller.
 4. **Opportunity of Comptroller to Compromise or Adjust Claim.** The Comptroller shall have forty-five (45) days from his or her receipt of all materials referred to in E(3) to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between the vendor and the Comptroller, to a maximum of ninety (90) days from the Comptroller's receipt of all the materials. The vendor may not present its petition to the CDRB until the period for investigation and compromise delineated in this paragraph has expired. In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the contract between the parties.
- F. **Contract Dispute Resolution Board.** There shall be a Contract Dispute Resolution Board composed of:
1. The chief administrative law judge of the Office of Administrative Trials and Hearings ("OATH") or his/her designated OATH administrative law judge, who shall act as chairperson, and may adopt operational procedures and issue such orders consistent with this section as may be necessary in the execution of the CDRB's functions,

including, but not limited to, granting extensions of time to present or respond to submissions;

2. **The City Chief Procurement Officer (“CCPO”) or his/her designee, or in the case of disputes involving construction, the Director of the Office of Construction or his/her designee; any designee shall have the requisite background to consider and resolve the merits of the dispute and shall not have participated personally and substantially in the particular matter that is the subject of the dispute or report to anyone who so participated , and**
3. **A person with appropriate expertise who is not an employee of the City. This person shall be selected by the presiding administrative law judge from a prequalified panel of individuals, established and administered by OATH, with appropriate background to act as decision-makers in a dispute. Such individuals may not have a contract or dispute with the City or be an officer or employee of any company or organization that does, or regularly represent persons, companies, or organizations having disputes with the City.**

G. Petition to CDRB. In the event the claim has not been settled or adjusted by the Comptroller within the period provided in this section, the vendor, within thirty (30) days thereafter, may petition the CDRB to review the Agency Head determination.

1. **Form and Content of Petition by Vendor. The vendor shall present its dispute to the CDRB in the form of a Petition, which shall include (i) a brief statement of the substance of the dispute, the amount of money, if any, claimed, and the reason(s) the vendor contends that the dispute was wrongly decided by the Agency Head; (ii) a copy of the decision of the Agency Head; (iii) copies of all materials submitted by the vendor to the agency; (iv) a copy of the decision of the Comptroller, if any, and (v) copies of all correspondence with, and material submitted by the vendor to, the Comptroller’s Office. The vendor shall concurrently submit four complete sets of the Petition: one to the Corporation Counsel (Attn: Commercial and Real Estate Litigation Division), and three to the CDRB at OATH’s offices, with proof of service on the Corporation Counsel. In addition, the vendor shall submit a copy of the statement of the substance of the dispute, cited in (i) above, to both the Agency Head and the Comptroller.**
2. **Agency Response. Within thirty (30) days of receipt of the Petition by the Corporation Counsel, the agency shall respond to the statement of the vendor and make available to the CDRB all material it submitted to the Agency Head and Comptroller. Three complete copies of the agency response shall be submitted to the CDRB at OATH’s offices and one to the vendor. Extensions of time for submittal of the agency response shall be given as necessary upon a showing of good cause**

or, upon the consent of the parties, for an initial period of up to thirty (30) days.

3. **Further Proceedings.** The Board shall permit the vendor to present its case by submission of memoranda, briefs, and oral argument. The Board shall also permit the agency to present its case in response to the vendor by submission of memoranda, briefs, and oral argument. If requested by the Corporation Counsel, the Comptroller shall provide reasonable assistance in the preparation of the agency's case. Neither the vendor nor the agency may support its case with any documentation or other material that was not considered by the Comptroller, unless requested by the CDRB. The CDRB, in its discretion, may seek such technical or other expert advice as it shall deem appropriate and may seek, on its own or upon application of a party, any such additional material from any party as it deems fit. The CDRB, in its discretion, may combine more than one dispute between the parties for concurrent resolution.
4. **CDRB Determination.** Within forty-five (45) days of the conclusion of all submissions and oral arguments, the CDRB shall render a decision resolving the dispute. In an unusually complex case, the CDRB may render its decision in a longer period of time, not to exceed ninety (90) days, and shall so advise the parties at the commencement of this period. The CDRB's decision must be consistent with the terms of the contract. Decisions of the CDRB shall only resolve matters before the CDRB and shall not have precedential effect with respect to matters not before the CDRB.
5. **Notification of CDRB Decision.** The CDRB shall send a copy of its decision to the vendor, the ACCO, the Corporation Counsel, the Comptroller, the CCPO, the Office of Construction, the PPB, and, in the case of construction or construction-related services, the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Commissioner. A decision in favor of the vendor shall be subject to the prompt payment provisions of the PPB Rules. The Required Payment Date shall be thirty (30) days after the date the parties are formally notified of the CDRB's decision.
6. **Finality of CDRB Decision.** The CDRB's decision shall be final and binding on all parties. Any party may seek review of the CDRB's decision solely in the form of a challenge, filed within four months of the date of the CDRB's decision, in a court of competent jurisdiction of the State of New York, County of New York pursuant to Article 78 of the Civil Practice Law and Rules. Such review by the court shall be limited to the question of whether or not the CDRB's decision was made in violation of lawful procedure, was affected by an error of law, or was arbitrary and capricious or an abuse of discretion. No evidence or information shall be introduced or relied upon in such proceeding

that was not presented to the CDRB in accordance with Section 4-09 of the PPB Rules.

- H. Any termination, cancellation, or alleged breach of the contract prior to or during the pendency of any proceedings pursuant to this section shall not affect or impair the ability of the Agency Head or CDRB to make a binding and final decision pursuant to this section.

6.26 EXTENSION OF TIME FOR PERFORMANCE CONSTRUCTION AND CONSTRUCTION RELATED ONLY

- A. If performance by the Contractor is delayed for a reason set forth in the Contract, the Contractor may be allowed a reasonable extension of time in conformance with this Section and with the Rules of the Procurement Policy Board.
- B. Any extension of time may be granted only by the Agency Chief Contracting Officer or by the Board for the Extension of Time (as set forth below) upon written application by the Contractor.
- C. Grounds for Extension – If such application is made, the Contractor shall be entitled to an extension of time for delay in completion of the work caused solely: (i) by the acts or omissions of the City, its officers, agents or employees; or (ii) by the actions or omissions of other contractors on this project; or (iii) by supervening conditions entirely beyond the control of either party hereto (such as, but not limited to, Acts of God or the public enemy, excessive inclement weather, war or other national emergency making performance temporarily impossible or illegal, or strikes or labor disputes not brought about by any act or omission of the Contractor). The Contractor shall, however, be entitled to an extension of time for such causes only for the number of days of delay which the Commissioner or the Board may determine to be due solely to such causes, and then only if the Contractor shall have strictly complied with all the requirements of Article 9, 10, and 11 of Chapter III, “Time Provisions”, of the City of New York Standard Construction Contract, effective October 2000, as amended.
- D. Extension for Concurrent Causes of Delay – The Contractor shall not be entitled to receive a separate extension of time for each of several causes of delay operating concurrently, but, if at all, only for the actual period of delay in completion of the work as determined by the ACCO or the Board for Contract Time Extension irrespective of the number of causes contributing to produce such delay. If one of several causes of delay operating concurrently results from any act, fault or omission of the Contractor or of his/her Subcontractors or materialmen, and would of itself (irrespective of the concurrent causes) have delayed the work, no extension of time will be allowed for the period of delay resulting from such act, fault or omission.

1. The determination made by the ACCO or the Board on an application for an extension of time shall be binding and conclusive on the Contractor.
2. The granting of an application for an extension of time for causes of delay other than those herein referred to shall be entirely within the discretion of the ACCO or the Board. In the absence of special circumstances, applications for extensions of time not exceeding sixty (60) days in the aggregate will be acted upon by the Department within (30) days after request therefor.
3. Permitting the Contractor to continue with the work after the time fixed for its completion has expired, or after the time to which such completion may have been extended has expired, or the making of any payment to the Contractor after such time, shall in no way operated as a waiver on the part of the City or any of its rights under this contract.

E. Application for Extension of Time

1. Before the Contractor's time extension request may be approved, the Contractor must, within five (5) days after commencement of the condition which allegedly has caused or is causing the delay, submit a written application to the ACCO identifying:
 - (a) the Contractor; the Contract registration number; and project description;
 - (b) liquidated damage assessment rate, as specified in the Contract;
 - (c) original bid amount;
 - (d) the original Contract start date and completion date;
 - (e) any previous time extensions granted (number and duration); and
 - (f) the extension of time requested.
2. In addition, the application for extension of time shall set forth in detail:
 - (a) the nature of each alleged cause of delay in completing the work;

- (b) the date upon which each such cause of delay began and ended and the number of days attributable to each such cause;
- (c) a statement that the Contractor waives all claims except for those delineated in the application, and the particulars of any claims which the Contractor does not agree to waive. For time extensions for substantial and final completion payments, the application shall include a detailed statement of the dollar amounts of each element of claim item reserved; and
- (d) a statement indicating the Contractor's understanding that the time extension is granted only for the purpose of permitting continuation of Contract performance and payment for work performed and that the City retains its right to conduct an investigation and assess liquidated damages as appropriate in the future.

F. Analysis and Approval of Time Extensions

1. For time extensions for partial payments, a written determination shall be made by the ACCO who may, for good and sufficient cause extend the time for the performance of the Contract as follows:
 - (a) If the work is to be completed within six (6) months, the time for performance may be extended for sixty (60) days;
 - (b) If the work is to be completed within less than one year but more than six (6) months, and extension of ninety (90) days may be granted;
 - (c) If the Contract period exceeds one year, besides the extension granted in subparagraph (b) above, an additional thirty (30) days may be granted for each multiple of six (6) months involved beyond the one year period; or
 - (d) If exceptional circumstances exist, the ACCO may extend the time for performance beyond the extensions in (a), (b), and (c) above. In that event, the ACCO shall file with the Director of the Office of Construction a written explanation of the exceptional circumstances.
2. For extensions of time for substantial completion payments and final completion payments, the Department's engineering staff, in consultation with the ACCO, shall prepare a written analysis

of the delay (including a preliminary determination of the causes of delay, the beginning and end dates for each such cause of delay, and whether the delays are excusable under the terms of the Contract). The report shall be subject to review by and approval of the Board of Time Extension, which shall have authority to question its analysis and determinations and request additional facts or documentation. The report as reviewed and made final by the Board of Time Extension shall be made a part of the departmental Contract file.

3. Approval Mechanism for Time Extensions for Final or Substantial Completion Payments – An extension of time for a final or substantial completion payment shall be granted only with the approval of a Board of Time Extension comprised of the ACCO, the Corporation Counsel and the Comptroller, or their authorized representatives.

G. Assessment of Liquidated Damages – In the case of substantial completion and final completion payments, liquidated damages shall be assessed against the Contractor as determined by the report's analysis of the Contract's delays. However, neither the failure to assess liquidated damages at this time, nor the report itself, nor the granting of a time extension at substantial or final completion, shall operate as a waiver or release of any claim the City may have against the Contractor for either actual or liquidated damages.

6.27 EXTENSION OF TIME FOR PERFORMANCE (NON-CONSTRUCTION ONLY)

If performance by the Contractor is delayed for a reason set forth in the Contract, reasonable extension in time for performance may be allowed.

- A. An extension of time may be granted only by the ACCO of the agency that awarded the Contract, upon written application by the Contractor.
- B. The ruling of the ACCO shall be final and binding as to the allowance of an extension, and the number of days allowed.
- C. The application for extension must detail each cause for delay, the date it occurred, and the resulting total delay in days attributed to such case.

6.28 NO DAMAGE FOR DELAY

The Contractor agrees to make no claim for damages for delay in the performance of this Contract occasioned by any act or omission to act of the City or any of its representatives, and agrees that any such claim shall be fully compensated for by an extension of time to complete performance of the work as provided herein.

6.29 PROMPT PAYMENT

- A. The Prompt Payment provisions set forth in the Procurement Policy Board Rules in effect at the time of this solicitation will be applicable to payments made under this Contract. The provisions require the payment to Contractors of interest on payments made after the required payment date except as set forth in the Prompt Payment section of the Rules.**
- B. The Contractor must submit a proper invoice to receive payment, except where the Contract provides that the Contractor will be paid at predetermined intervals without having to submit an invoice for each scheduled payment.**
- C. Determinations of interest due will be made in accordance with the provisions of the Prompt Payment section of the Procurement Policy Board Rules and General Municipal Law Section 3-a.**
- D. If the Contractor is paid interest, the proportionate share of that interest shall be forwarded by the Contractor to its Subcontractor(s).**
- E. The Contractor shall pay each Subcontractor (including a Materials Supplier) not later than seven (7) days after receipt of payment out of amounts paid to the Contractor by the City for work performed by the Subcontractor or Supplier under this Contract.**
- F. The Contractor shall include in each of its subcontracts a provision requiring each Subcontractor to make payment to each of its lower-tier Subcontractors or Suppliers for work performed under this Contract in the same manner and within the same time period set forth above.**

**MACBRIDE PRINCIPLES PROVISIONS
FOR NEW YORK CITY CONTACTORS
ARTICLE I. MACBRIDE PRINCIPLES
NOTICE TO ALL PROSPECTIVE CONTRACTORS**

Local Law No. 34 of 1991 became effective on September 10, 1991 and added Section 6-115.1 to the Administrative code of the City of New York. The local law provides for certain restrictions on City contracts to express the opposition of the people of the City of New York to employment discrimination practices in Northern Ireland and to encourage companies doing business in Northern Ireland and to promote freedom of workplace opportunity.

Pursuant to Section 6-115.1, prospective contractors for contracts to provide goods or services involving and expenditure of an amount greater than ten thousand dollars, or for construction involving an amount greater than fifteen thousand dollars, are asked to sign a rider in which they covenant and represent, as a material condition of their contract, that any business in Northern Ireland operations conducted by the contractor and any individual or legal entity in which the contractor holds a ten percent or greater ownership interest and any individual or legal entity that holds a ten percent or greater ownership interest in the contractor will be conducted in accordance with the MacBride Principles of nondiscrimination in employment.

Prospective contractors are not required to agree to these conditions. However, in the case of contracts let by competitive sealed bidding, whenever the lowest responsible bidder has not agreed to stipulate to the conditions set forth in this notice and another bidder who has agreed to stipulate to such conditions has submitted a bid within five percent of the lowest responsible bid for a contract to supply goods, services or construction of comparable quality, the contracting entity shall refer such bids to the Mayor, the Speaker or other officials, as appropriate, who may determine, in accordance with applicable law and rules, that it is in the best interest of the city that the contract be awarded to other than the lowest responsible bidder pursuant to Section 313(b) (2) of the City Charter.

In the case of contracts let by other than competitive sealed bidding, if a prospective contractor does not agree to these conditions, no agency, elected official or the Council shall award the contract to that bidder unless the entity seeking to use the goods, services or construction certifies in writing that the contract is necessary for the entity to perform its functions and there is no other responsible contractor who will supply goods, services or construction of comparable quality at a comparable price.

PART A

In accordance with Section 6-115.1 of the Administrative Code of the City of New York, the contractor stipulates that such contractor and any individual or legal entity in which the contractor holds a ten percent or greater ownership interest and any individual or legal entity that holds a ten percent or greater ownership interest in the contractor either (a) have no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations they have in Northern Ireland in accordance with the MacBride Principles, and shall permit independent monitoring of their compliance with such principles.

PART B

For purposes of this section, the following terms shall have the following meanings:

1. "MacBride Principles" shall mean those principles relating to nondiscrimination in employment and freedom of workplace opportunity which require employers doing business in Northern Ireland to:

- (1) increase the representation of individuals from underrepresented religious groups in the work force, including managerial, supervisory, administrative, clerical and technical jobs;
- (2) take steps to promote adequate security for the protection of employees from underrepresented religious groups both at the workplace and while traveling to and from work;
- (3) ban provocative religious or political emblems from the workplace;
- (4) Publicly advertise all job openings and make special recruitment efforts to attract applicants from underrepresented religious groups;

- (5) establish layoff, recall and termination procedures which do not in practice favor a particular religious group;
- (6) establish all job reservations, apprenticeship restrictions and different employment criteria which discriminate on the basis of religion;
- (7) develop training programs that will prepare substantial numbers of current employees from underrepresented religious groups for skilled jobs, including the expansion of existing programs and the creation of new programs to train, upgrade and improve the skills of workers from underrepresented religious groups;
- (8) establish procedures to assess, identify and actively recruit employees from underrepresented religious groups with potential for further advancement, and
- (9) appoint a senior management staff member to oversee affirmative action efforts and develop a timetable to ensure their full implementation.

The contractor agrees that the covenants and representations in Article I above are material conditions to this contract. In the event the contracting entity receives information that the contractor who made the stipulation required by this section is in violation thereof, the contracting entity shall review such information and give the contractor an opportunity to respond. If the contracting entity finds that a violation has occurred, the entity shall have the right to declare the contractor in default and/or terminate this contract for cause and procure the supplies, services or work from another source in any manner the entity deems proper. In the event of such termination, the contractor shall pay to the entity, or the entity in its sole discretion may withhold from any amounts otherwise payable to the contractor, the difference between the contract price for the uncompleted portion of this contract and the cost to the contracting entity of completing performance of the contract, either itself or by engaging another contractor or contractors. In the case of a requirements contract, the contractor shall be liable for such difference in price for the entire amount of supplies required by the contracting entity for the uncompleted term of its contract. In the case of a construction contract, the contracting entity shall also have the right to hold the contractor in partial or total default in accordance with the default provisions of the contract, and/or may seek debarment or suspension of the contractor. The rights and remedies of the entity hereunder shall be in addition to, and not in lieu of, any rights and remedies the entity has pursuant to this contract or by operation of law

Calculate the Ratio of expected billable dollars per person per year vs. average billable dollars per person per year.

- If:

 - AB\$PY** - average billable dollars per person per year.
 - EB** - expected billing dollars for next 18 months.
 - S** - Total personnel minus administrative personnel.
 - Y** - Yearly adjustment (converts 18 months into 1 year).

Assume: **AB\$PY** = \$60,000 and **Y** = 1.5 (18 / 12 = 1.5)

Then: **EB\$PY = EB / S / Y** and **R = EB\$PY / AB\$PY X 100%**

- If R is greater than or equal to 100%, a rating of 0 may be appropriate.
- If R is equal to 75 %, a rating of 5 may be appropriate.

**PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY
PROCUREMENT**

ARTICLE I. M/WBE PROGRAM

Local Law No. 129 of 2005 added Section 6-129 to the Administrative Code of the City of New York. The local law creates a program for participation by minority-owned and women-owned business enterprises (MBEs and WBEs) in City procurement. As stated in the Section 6-129, the intent of the program is to address the impact of discrimination on the City's procurement process, and to promote the public interest in avoiding fraud and favoritism in the procurement process, increasing competition for City business, and lowering contract costs. The contract provisions contained herein are made pursuant to Local Law 129, and the rules of the Department of Small Business Services ("DSBS") promulgated thereunder.

If this Contract is subject to the Minority-Owned and Women-Owned Business Enterprise ("M/WBE") program created by Local Law 129, the specific requirements of M/WBE participation for this Contract are set forth in Schedule B of the Contract (entitled the "Subcontractor Utilization Plan"), and are detailed below.

The Contractor must comply with all applicable M/WBE requirements for this Contract.

Article I, Part A, below, sets forth provisions related to the participation goals for construction and professional services contracts.

Article I, Part B, below, sets forth miscellaneous provisions related to the M/WBE program.

PART A

**PARTICIPATION GOALS FOR CONSTRUCTION
AND PROFESSIONAL SERVICES CONTRACTS**

1. The **Target Subcontracting Percentage** applicable to this Contract is set forth on Schedule B, Part I to this Contract (see Page 1, line (1)).

The "**Target Subcontracting Percentage**" is the percentage of the total Contract which Agency anticipates that the prime contractor for this Contract would in the normal course of business award to one or more subcontractors for amounts under \$1 million for construction and professional services.

A prospective contractor may seek a full or partial pre-award waiver of the **Target Subcontracting Percentage** in accordance with Local Law 129 and Part A, Section 10 below. To apply for the a full or partial waiver of the **Target Subcontracting Percentage**, a prospective contractor must complete Part III (Page 4) of Schedule B, and must submit such request no later than seven (7) days prior to the date and time the bids or proposals are due, in writing to the Agency by e-mail at zrasool@dot.nyc.gov or via facsimile at (212) 442-7449. Bidders/proposers who have submitted requests will receive a response by no later than two (2) calendar days prior to the date bids or proposals are due, provided, however, that if that date would fall on a weekend or holiday, a response will be provided by close-of-business on the business day before such weekend or holiday date.

2. The **Subcontractor Participation Goals** established for this Contract are set forth on Schedule B, Part I to this Contract (see Page 1, line (2) and/or line (3)).

The **Subcontractor Participation Goals** represent a percentage of the total dollar value of all construction and/or professional services subcontracts under this Agreement for amounts under \$1 million.

3. If **Subcontractor Participation Goals** have been established for this Contract, Contractor agrees or shall agree as a material term of the Agreement that, with respect to the total amount of the Agreement to be awarded to one or more subcontractors pursuant to subcontracts for amounts under \$1 million, Contractor shall be subject to the **Subcontractor Participation Goals**, unless the goals are modified by Agency in accordance with Local Law 129 and Part A, Section 11 below.

4. If **Subcontractor Participation Goals** have been established for this Contract, a prospective contractor shall be required to submit with its bid or proposal, as applicable, a completed Schedule B, Part II Subcontractor Utilization Plan (see Page 2-3) indicating: (a) the percentage of work it intends to subcontract; (b) the percentage of work it intends to award to subcontractors for amounts under \$1 million; (c) in cases where the prospective contractor intends to award subcontracts for amounts under \$1 million, a description of the type and dollar value of work designated for participation by MBEs and/or WBEs; and (d) the general time frames in which such work by MBEs and/or WBEs is scheduled to occur. In the event that this Subcontractor Utilization Plan indicates that the bidder or proposer, as applicable, does not intend to award the **Target Subcontracting Percentage**, the bid or proposal, as applicable, shall be deemed non-responsive, unless Agency has granted the bidder or proposer, as applicable, a pre-award waiver of the **Target Subcontracting Percentage** in accordance with Local Law 129 and Part A, Section 10 below.

THE BIDDER/PROPOSER MUST FULLY COMPLETE THE SUBCONTRACTOR UTILIZATION PLAN INCLUDED HEREIN (SCHEDULE B, PART II). BIDS/PROPOSALS WHICH DO NOT INCLUDE A COMPLETED SUBCONTRACTOR UTILIZATION PLAN WILL BE DEEMED TO BE NON-RESPONSIVE, UNLESS A FULL WAIVER OF THE TARGET SUBCONTRACTING PERCENTAGE IS GRANTED (SCHEDULE B, PART III). IN THE EVENT THAT THE SUBCONTRACTOR UTILIZATION PLAN (SCHEDULE B, PART II) INDICATES THAT THE BIDDER/PROPOSER DOES NOT INTEND TO AWARD THE TARGET SUBCONTRACTING PERCENTAGE, THE BID/PROPOSAL WILL BE DEEMED TO BE NON-RESPONSIVE, UNLESS THE AGENCY HAS GRANTED A WAIVER OF THE TARGET SUBCONTRACTING PERCENTAGE (SCHEDULE B, PART III).

5. Where a Subcontractor Utilization Plan has been submitted, the Contractor shall, within 30 days of issuance by Agency of a notice to proceed, submit a list of proposed persons or entities to which it intends to award subcontracts within the subsequent 12 months. In the case of multi-year contracts, such list shall also be submitted every year thereafter. In the event that the Contractor's selection of a subcontractor is disapproved, the Contractor shall have a reasonable time to propose alternate subcontractors.

6. M/WBE firms must be certified by DSBS in order for the Contractor to credit such firms' participation toward the attainment of the M/WBE participation goals. Such certification must occur prior to the firms' commencement of work as subcontractors. A list of M/WBE firms may be obtained from the DSBS website at www.nyc.gov/getcertified, by emailing DSBS at MWBE@sbs.nyc.gov, by calling the DSBS certification hotline at (212) 513-6311, or by visiting or writing DSBS at 110 William St., New York, New York, 10038, 7th floor. Eligible firms that have not yet been certified may contact DSBS (as indicated above) in order to seek certification.

7. Where a Subcontractor Utilization Plan has been submitted, the Contractor shall, with each voucher for payment, and/or periodically as Agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount paid to subcontractors (including subcontractors that are not MBEs or WBEs); the names, addresses and contact numbers of each MBE or

WBE hired as a subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE or WBE. The Contractor shall also submit, along with its voucher for final payment, the total amount paid to subcontractors (including subcontractors that are not MBEs or WBEs); and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE or WBE hired pursuant to such plan, the work performed by, and the dates and amounts paid to each.

8. If payments made to, or work performed by, MBEs or WBEs are less than the amount specified in the Contractor's Subcontractor Utilization Plan, Agency shall take appropriate action, in accordance with Local Law 129 and Article II below, unless the Contractor has obtained a modification of its Subcontractor Utilization Plan in accordance with Local Law 129 and Part A, Section 11 below.

9. Where a Subcontractor Utilization Plan has been submitted, and the Contractor requests a change order the value of which exceeds 10 percent of the Agreement, Agency shall establish participation goals for the work to be performed pursuant to the change order.

10. Pre-award waiver of **Target Subcontracting Percentage**. Agency may grant a full or partial waiver of the **Target Subcontracting Percentage** to a bidder or proposer, as applicable, who demonstrates—before submission of the bid or proposal—that it has legitimate business reasons for proposing the level of subcontracting in its Subcontractor Utilization Plan. In making its determination, Agency shall consider factors that shall include, but not be limited to, whether the bidder or proposer, as applicable, has the capacity and the bona fide intention to perform the Contract without any subcontracting, or to perform the Contract without awarding the amount of subcontracts for under one million dollars represented by the **Target Subcontracting Percentage**. In making such determination, Agency may consider whether the Subcontractor Utilization Plan is consistent with past subcontracting practices of the bidder or proposer, as applicable, and whether the bidder or proposer, as applicable, has made good faith efforts to identify portions of the Contract that it intends to subcontract.

11. Modification of Subcontractor Utilization Plan. A Contractor may request a modification of its Subcontractor Utilization Plan (**Subcontractor Participation Goals**) after award of this Contract. The Agency may grant such request if it determines that the Contractor has established, with appropriate documentary and other evidence, that it made reasonable, good faith efforts to meet the **Subcontractor Participation Goals**. In making such determination, Agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

(a) The Contractor advertised opportunities to participate in the Contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;

(b) The Contractor provided notice of specific opportunities to participate in the Contract, in a timely manner, to minority and women's business organizations;

(c) The Contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs and WBEs that their interest in the Contract was solicited;

(d) The Contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs and/or WBEs in the Subcontractor Utilization Plan, and for which the Contractor claims an inability to retain MBEs or WBEs;

(e) The Contractor held meetings with MBEs and/or WBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited;

(f) The Contractor made efforts to negotiate with MBEs and/or WBEs as relevant to perform specific subcontracts;

(g) Timely written requests for assistance made by the Contractor to Agency's M/WBE liaison officer and to DSBS;

(h) Description of how recommendations made by DSBS and Agency were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs and/or WBEs.

Agency's M/WBE officer shall provide written notice to the Contractor of the determination.

12. If **Subcontractor Participation Goals** have been established for this Contract, Agency shall evaluate and assess the Contractor's performance in meeting those goals, and such evaluation and assessment shall become part of the Contractor's overall contract performance evaluation.

PART B

MISCELLANEOUS

1. The Contractor shall take notice that, if this solicitation requires the establishment of a Subcontractor Utilization Plan, the resulting contract may be audited by DSBS to determine compliance with Section 6-129. See 6-129(e)(10). Furthermore, such resulting contract may also be examined by the City's Comptroller to assess compliance with the Subcontractor Utilization Plan.

2. Pursuant to DSBS rules, construction contracts that include a requirement for a Subcontractor Utilization Plan shall not be subject to the law governing Locally Based Enterprises set forth in Administrative Code Section 6-108.1.

3. DSBS is available to assist contractors and potential contractors in determining the availability of MBEs and WBEs to participate as subcontractors, and in identifying opportunities that are appropriate for participation by MBEs and WBEs in contracts.

4. Prospective contractors are encouraged to enter into joint ventures with MBEs and WBEs.

5. By submitting a bid or proposal the Contractor hereby acknowledges its understanding of the M/WBE requirements set forth herein and the pertinent provisions of Local Law 129 of 2005, and any rules promulgated thereunder, and if awarded this Contract, the Contractor hereby agrees to comply with the M/WBE requirements of this Contract and pertinent provisions of Local Law 129 of 2005, and any rules promulgated thereunder, all of which shall be deemed to be material terms of this Contract. The Contractor hereby agrees to make all reasonable, good faith efforts to solicit and obtain the participation of M/WBE's to meet the required **Subcontractor Participation Goals**.

ARTICLE II. ENFORCEMENT

1. If Agency determines that a bidder or proposer, as applicable, has, in relation to this procurement, violated Section 6-129 or the DSBS rules promulgated pursuant to Section 6-129, Agency may disqualify such bidder or proposer, as applicable, from competing for this Contract and the Agency may revoke such bidder's or proposer's prequalification status, if applicable.

2. Whenever Agency believes that the Contractor or a subcontractor is not in compliance with Section 6-129 or the DSBS rules promulgated pursuant to Section 6-129, or any provision of this Contract that implements Section 6-129, including, but not limited to any Subcontractor Utilization Plan, Agency shall

send a written notice to the Contractor describing the alleged noncompliance and offering an opportunity to be heard. Agency shall then conduct an investigation to determine whether such Contractor or subcontractor is in compliance.

3. In the event that the Contractor has been found to have violated Section 6-129, the DSBS rules promulgated pursuant to Section 6-129, or any provision of this Contract that implements this Section 6-129, including, but not limited any Subcontractor Utilization Plan, Agency may determine that one of the following actions should be taken:

- (a) entering into an agreement with the Contractor allowing the Contractor to cure the violation;
- (b) revoking the Contractor's pre-qualification to bid or make proposals for future contracts;
- (c) making a finding that the Contractor is in default of the Contract;
- (d) terminating the Contract;
- (e) declaring the Contractor to be in breach of Contract;
- (f) withholding payment or reimbursement;
- (g) determining not to renew the Contract;
- (h) assessing actual and consequential damages;
- (i) assess liquidated damages or reduction of fees, provided that liquidated damages may be based on amounts representing costs of delays in carrying out the purposes of the program established by Section 6-129, or in meeting the purposes of the Contract, the costs of meeting utilization goals through additional procurements, the administrative costs of investigation and enforcement, or other factors set forth in the Contract;
- (j) exercise rights under the Contract to procure goods, services or construction from another contractor and charge the cost of such contract to the Contractor that has been found to be in noncompliance; or
- (k) take any other appropriate remedy.

4. Whenever Agency has reason to believe that an MBE or WBE is not qualified for certification, or is participating in a contract in a manner that does not serve a commercially useful function (as defined in Section 6-129), or has violated any provision of Section 6-129, Agency shall notify the commissioner of DSBS who shall determine whether the certification of such business enterprise should be revoked.

5. Statements made in any instrument submitted to Agency pursuant to Section 6-129 shall be submitted under penalty of perjury and any false or misleading statement or omission shall be grounds for the application of any applicable criminal and/or civil penalties for perjury. The making of a false or fraudulent statement by an MBE or WBE in any instrument submitted pursuant to Section 6-129 shall, in addition, be grounds for revocation of its certification.

6. The Contractor's record in implementing its Subcontractor Utilization Plan shall be a factor in the evaluation of its performance. Whenever a contracting agency determines that a contractor's compliance with a Subcontractor Utilization Plan has been unsatisfactory, the agency shall, after consultation with the city chief procurement officer, file an advice of caution form for inclusion in VENDEX as caution data.
