Questions & Answers:

- Q1. Will there be an RFP for Design Services issued related to the REI for Paint Coating at Riverside Drive Bridge project (PIN# 8411MNBR548)?
- A1. No, there will not be an RFP for Design Services issued related to the REI. This project was designed in-house.**
- Q2. Is the work strictly limited to coating removal, surface preparation and coating application, or are there other work tasks that are expected to be performed (besides related air monitoring and sampling) as part of this contract?
- A2. Yes, the work is limited to coating removal, surface preparation and coating application. There will also be item(s) for incidental repairs in the construction contract.**
- Q3. Do coating inspectors need to be NACE peer review – Level III?
- A3. No, coating inspectors do not need to be NACE peer review – Level III.**
- Q4. Is the community liaison requirement a full-time position? If not, what is the anticipated duration for the community liaison position?
- A4. The community liaison is a part time position for the entire duration of the project.**
- Q5. Is nighttime and weekend work anticipated for this project?
- A5. Yes, nighttime and weekend work is anticipated for this project.**
- Q6. Is a separate MPT safety officer required?
- A6. No, separate MPT safety officer is not required for this project.**
- Q7. When do you expect project construction start-up?
- A7. Anticipated start-up of the construction is the middle of 2012.**
- Q8. What is the projected cost for this contract?
- A8. NYCDOT does not disclose the engineer's cost estimate for any project.**
